The first of these is the  
 fact that the population  
 of the world is increasing  
 at a rapid rate. This is  
 due to a number of factors,  
 including improved medical  
 care, better nutrition, and  
 a longer life span. The  
 second factor is the  
 increasing demand for  
 resources, such as food, water,  
 and energy. This is due to  
 the fact that as the population  
 grows, the demand for these  
 resources also increases. The  
 third factor is the increasing  
 demand for land. This is  
 due to the fact that as the  
 population grows, the demand  
 for land for housing, industry,<  
 and agriculture also increases.

My dear mother

I have just received your letter

and was very glad to hear from you

and to hear that you are well

I am well and hope these few lines

will find you the same

I have not much news to write at present

but I thought I would write a few lines

to let you know I am thinking of you

and hope you are all the same

I am your affectionate son

John
